***Response to Amendment***

This action is response to the request for re-consideration filed on 12/17/2004.

As per applicant's request claims 1-25 are considered but they are not persuasive.

Claims 1-25 stand rejected under U.S.C. 102(e) as being unpatentable over *Byer et al* USPN 6,684,397.

Applicant argues,

I) "Mean for loading an install system to a temporary directory, setting a path for the install system as the temporary directory and executing the install system from the temporary directory" as to claims 1, 6, 11, 16 and 21.

II) "The rejection of claims 2-5, 7-10, 12-15, 17-20 and 22-25 which depends from claims 1, 6, 11, 16 and 21 should be withdrawn".

In response to applicant's arguments,

I) It was noted that cited prior art fairly suggests loading and installing software in a memory or in a directory (see figures 3-5 and 7). Further it was also noted that cited reference speak about installing the new software on client machine with CD ROM/disk and also using master slave scheme to store software on slaves which acts like a temporary directory and user can pick what ever software is needed to install permanently on his machine (see column 11, lines 4-11). With respectfully applicant needs to read and interpret the patent carefully. Thus limitations are met by the reference.

II) Claims 2-5, 7-10, 12-15, 17-20 and 22-25 stand rejected which depends from claims 1, 6, 11, 16 and 21. Therefore, limitations are met by the reference.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
